OFFICE OF THE CHAIRMAN OF THE BOARD OF TRUSTEES FOR THE IMPROVEMENTS OF THE CITY OF MYSORE

Mysore, Dated, 2nd October 1907

FROM

D.Sitarama Rao, Esquire,,

Chairman of the Board of Trustees,
Mysore City Improvements

To

C.S.Balasundaram Aiyar, Esquire, B.A.,

Offg. *Secretary to the Govt of H H the Maharaja of Mysore, General & Revenue Departments*

SIR

Z With reference to Govt Pro. No.7191-8/M1.189-06-3 of 19-2-1907, sanctioning a project amounting to Rs 1,89,000/- for the sanitary improvements of a portion of No.III Drainage area consisting of block Nos 1,2,28, 33,32,34,53, and 35 of the Mysore City,

I have the honor to report that the work of clearing out congestion and the removal of insanitary buildings in those blocks was started last year, and is being pushed on, and arrangements are now being made for the construction of drainage works in the blocks cleared.

2. The remaining portion of No III Drainage area, comprising block Nos.48 49,50,44,47,46,45,58,57,56 & 54, is proposed to be taken up for effecting improvements, and a provision of Rs 20,000/- has been allotted for the work in the current year's budget

3. A notification indicating the particulars of the improvements intended to be carried out in the blocks noted, was published in the Mysore Gazette dated 25-7- copy of which is enclosed for ready reference

4 This notification was placed before the Board at

reeting held on the 31st July 1907, and in accordance with the resolution passed thereon (copy enclosed), all the blocks were inspected by the members with a view to additional clearances. The original proposals of the Improvement Sub-Committee had to be revised to a considerable degree, and additional clearances of insanitary blocks had to be provided for. These proposals are indicated on the accompanying plans.

5. Against the acquisition and demolition of 276 houses as originally estimated, it is now proposed to acquire and clear 1015 properties, thus raising the amount of the estimate from Rs.59,219/- to Rs.2,79,585. The Revised estimate is now submitted for early sanction as resolved by the Board (vide copy of resolution attached), pending the preparation of a complete scheme for all the sanitary improvements to be carried out, in terms of instructions contained in para II of Govt. Pro. No.8834-6/Mi.38-06 of 25-3-1907. A comparative statement showing the estimated amounts, as per original and revised estimates, is also submitted.

6. Copies of the marginally noted communications indicate the urgency of [illegible] clearing the highly infected houses in the interests of the Public Buildings and the Jagan Mohan Palace situated in the area.

(a) Memo dated 15-7-'07 from the President, City Mi. Council, Mysore.
(b) Mysore City Municipal Officer's Letter No.207 of 9-8-'07.
(c) Mysore City Municipal Council Vice President's Letter No.297 of 29-9-1907.

7. The families to be displaced in the area are proposed to be planted in the Idga and the Chetnahalli extensions already formed. The Brahmin population could be conveniently located by forming a small extension at the Veeranna's Weavers' Lines where already large number of Brahmins had taken up [illegible] houses.

8. A sum of Rs.20,000/- is provided in the current year's budget for this work under item No.18. An early sanction is solicited to start the improvements, as the

Notification

It is hereby notified that in accordance with Section 16 (1) of Regulation III of 1908, a scheme for the improvement of the remaining portion of No III Drainage area of the Mysore City has been prepared This portion is divided into 13 drainag blocks bearing numbers 48 49, 51 50, 44, 47, 46, 45, 58, 57 56, 54, and a portion of 59A as indicated on the plan This is bounded on the north by the Siddappa Matt road on the east by the Sayaji Rao road, on the south by the Lakshmi Vilas road and the Jubilee road and on the west by the Dewan's road and the Jivanrayankatte road

Sir,

I have the honor to state that, judging from the occurances of plague cases during the recent few days, plague has taken hold of the block of houses in Bellikatige Wegal Vissal of Devaraj Mohalla.

An abstract of the cases that care under observation there is appended hereto for information.

The habitations on that spot are very unhealthy, being ill-ventilated and surrounded with foul smelling muck of every description. The social circumstances of the inhabitants being very bad, it seems impossible to improve the sanitary condition of the place as it is. Though the above defects may not be considered to be essential cause of the disease, there can be no doubt that they influence its

M e m o.

Forwarded to the Chairman of the City Improvement Trust Board with a request to be informed whether he would undertake to demolish the insanitary houses referred to in the letter of the Health Officer. In this connection the undersigned invites the attention of the Chairman to the highly insanitary block of Brahmin houses situated to the north of the Anathalaya and to the rear of the Dewan's Agrahar. Even the City Surgeon was of opinion that this block should go en bloc if the neighbouring public and private buildings are to be safe from infection of plague. Steps may be taken to demolish this block also as early as possible.

its spread.

It seems to me that, in the interest of the inhabitan thereof in particular, and those of the people in general wnhealthy ~~inhabitants~~ habitation in the said locality be demolished once and the spot of ground on which they stand, assumed kept open.

The total number of houses in the whole block is 152, number in the area infected being 87. The latter are conti ous, and, if demolished would leave wide gap, dividing the block. A rough sketch of locality is herewith appended for perusal.

If such a radical measure be found impracticable to b carried out, the next best course that suggests itself to m is to enforce compulsory evacuation thereof.

The matter calls for early action. I am afraid, the in fection is spreading because, close by in Chendramoleswaras Temple street, there has been a death this morning from what suspected to be Septic plague in house No.1233, the victim being a Vokkaligar woman by name Sanna Nanjamma.
